Grilles AEH

Construction with screws and rear part

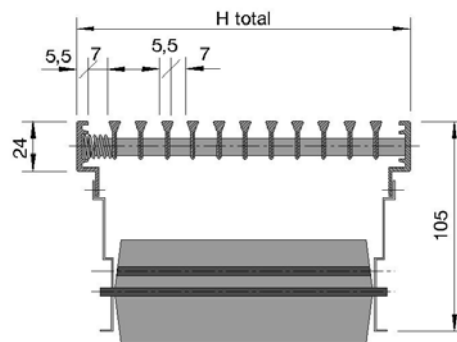

Description

Grille suitable for supply or return air for installation in walls or cills. Made from extruded aluminium sections, natural anodised finish for the standard construction or under request powder coated to RAL non defined.

Provided with a front border of 5,5 mm. Width and fixed horizontal profiled blades, available in two construction types: AEH-0, with air deflection 0°, and AEH-15, with air deflection 15°.

The grille core fixing to the perimetral frame is available on request with spring clip fixing or screw fixing.

Construction with spring clip fixing and rear part

Effective outlet area A_{ef} in m^2

Dimension B x H (mm)	Inlet section	Effective section m^2	Blade Nr.
1008 x 68	997 x 57	0,028	4
1008 x 118	997 x 107	0,055	8
